- Guild Fest**, often shortened to **GF**, is a 7 day event where Guilds compete to score points, by completing Guild Fest Quests. There are 2 Solo Quest slots and 20 Guild Quest slots on the Guild Fest Board. When a quest is claimed or removed, a new one will appear 15 minutes later. Rank 4 and 5 guild members can remove quests that have not yet been claimed; no points or attempts will be lost.

1. Event Rules

1. General Rules

- To participate, players must be Castle Lv 15 and above, and guilds must have at least 25 members.

- Players can only gain points and collect Rewards, for the guild they started the event in. - Once a quest is accepted, it must be completed within a certain time. The quest will fail if the time limit is exceeded. - Abandoning, or canceling quests, will not restore a quest attempt. - R4/R5 must be set up before event starts.

1. Gauntlet Rules

- Guilds who are participating in the Guild Fest for the first time will start in the Beginner Gauntlet. If fewer than 25 members participated in the previous Guild Fest, the guild will be dropped back to the Beginner Gauntlet. - Guilds that reach Gift Tier 8, and are ranked in the top 5 will advance to a higher Gauntlet in the next Guild Fest. To Advance to Master Gauntlet, Guilds must reach Gift Tier 8, and be ranked in the top 3. -

Guilds will be dropped to a lower Gauntlet in the next Guild Fest if they are ranked in the bottom 5 in the first 4 Gauntlets, or in the bottom 6 in the Master Gauntlet.

1. Bugs

When a player completes a quest, the resulting point score may not be immediately visible to the player in the Member Participation window. The score will be visible to other guild members. The result will update in a few minutes, or the player can log out

and into the game again, and the score will update automatically.

1. Trivia

- On December 19, 2021, the quest refresh time was permanently shortened from 30 minutes to 15 minutes. Prior to this, there had been several experimental guild fests ("Quick Fests") with a 15 minute refresh time.
